DATA SHEET

YUPOStatic WES 135

Product

- YUPOStatic WES 135 is a synthetic paper that sticks by static adhesion. It is made of a transparent PP material with 52 microns and a white PP material 83 microns.
- YUPOStatic WES 135 is designed for UV sheet offset printing, UV digital printing and UV silk screen. Both sides can be printed and both sides will stick by static. Conventional offset and HP Indigo are under tests.
- For additional information and usage instructions, please contact YUPO Europe, or refer to the product promotional leaflet.
